

## Message from the Production Manager

Utilities and Industries has been extremely busy these last couple months and we couldn't be happier with the outcome!

Due to business growing and higher demand, we have decided to purchase a larger Cold Chamber Unit. We have made these improvements because we have seen a larger demand of cold chamber testing over the past few months.

To better serve our customers, the purchase of this new cold chamber unit allows us to have a

quicker turn around time for all our clients who require the cold box test.

The benefits of having a larger cold chamber unit is so we can have the capability to test more meters than we could with our old unit.

We are excited about this new purchase and cannot wait to see the business grow for the year, 2015.

## Customer Appreciation Open House 2014 Recap

We are so pleased with how this years Customer Appreciation Event turned out. Utilities and Industries had different event stations for people to enjoy, such as, golf, corn hole tournaments and skeet shooting. We had such a beautiful day and enjoyed everyone's company.

Thank you to everyone who came out! We hope you enjoyed your day of appreciation. Utilities and Industries is truly grateful and appreciative for your business. We hope to

keep growing with you in the future.

A special shout out to Dominion, Blue Dot, PNG, Kriebel, Sinterite, National Grid, Utility Pipeline, F&H Gas & Oil, and the Candidate for District 66 State Representative Cris Dush for attending our Customer Appreciation Open House and participating in our day long events.

We are looking forward to next year and hope to all see you here again!

## Winner of the Facebook Giveaway

On behalf of our loyal fans on Facebook, and with their ongoing support, we decided to announce a winner early for our Facebook Promotion!

We are currently at 174 LIKES with only 26

LIKES away from our original giveaway.

A winner was chosen at random on Tuesday, September 23, 2014.

The winner of our Facebook giveaway was Sheena Wendel.

Congratulations on winning the custom made gas meter clock! Enjoy your prize and thank you for opting in to Utilities and Industries Company Facebook Page.

## Breast Cancer Awareness Month

Our Sister Company, Brookville Glove, has had a successful Breast Cancer Awareness Campaign thus far.

The Gurlly Bear Gloves have been selling like crazy! As of Monday, September 22, 2014 over 480 pair of gloves which is amounted out to 40 dozen of gloves. The Gurlly Bears are being sold by the dozen and if you would like to get a dozen of the Breast Cancer Awareness Glove

do so soon! There are only a limited supply due to the glove being specifically made for Breast Cancer Awareness Month. Remember, 20% of all sales from the glove are being donated to the Hahne Regional Cancer Center located in DuBois, Pennsylvania. Help Brookville Glove fight the cure during Breast Cancer Awareness Month!

## Featured Product

Sensus 143-80-6 Low Pressure Cut Off

Sensus Model 143-80 domestic service regulators can be used on both residential and small commercial and industrial applications. With a variety of body sizes, loading springs, and orifices sizes, these regulators can provide the outlet pressure ranges and capacities to fit most

applications for a 6" service diaphragm regulator. The model 143-80 design provides the popular union nut connection, not requiring bolts or screws to connect the body to the diaphragm assembly. It is available with an internal relief valve (IRV), and with a low

pressure cutoff (LPCO). Simple, rugged, precise and outstanding performance. 1" NPT Service House Regulator. A Low Pressure Cut Off.

## Employee of the Month

Every month we like to reward our employees for their hard-work and dedication to the company.

Utilities and Industries nominated Irene Fickes as the Employee of the Month, for September 2014.

Irene was rewarded in appreciation of always the extra mile to get the job finished. She never calls off, nor has she ever been absent!

Congratulations, Irene!  
Keep up the great work!
