Message from the Chief Executive Officer

Brian Dougherty

Welcome to the fourth edition of the Utilities and Industries Newsletter.

We are extremely excited to be continuing with our new implementations for the website and news updates happening within the company. It has been an ever growing change. As a viewer, we hope you are enjoying the

newsletters that come out each month.

With that being said, we are excited announce that we will be hosting our Annual Customer Appreciation Open House on September 18, 2014! We put a twist to the event this year by switching up the activities. This year, we have a corn hole tournament, a round of golf and skeet shooting! There will be many other surprises throughout the day. Utilities and Industries is eager to host their open house event this year.

Stay tuned for our October Newsletter to see exclusive pictures and updates from our Customer Appreciation Open House Event.

Appalachian Gas Measurement Exhibit

Utilities and Industries attended the 74th Annual Appalachian Gas Measurement Short Course on August 5th, 6th and 7th at the Robert Morris University in Pittsburgh, Pennsylvania.

Utilities and Industries had a booth setup during the manufacturer's exhibit in the Seawall Center on Tuesday, Wednesday and Thursday.

We had displays of our

equipment and technology for natural gas measurement and regulation and pamphlets of information about our products and services. We had some great giveaways and prizes we raffled off during the show!

In addition, our sister company, Brookville Glove Manufacturing, joined us at our exhibitors' table with a display of their great line

of products and giveaways.

To expand our knowledge even more, we sent our Metering Employees to the short courses offered throughout the three days to increase their knowledge in gas measurement and regulation.

We are always looking for new innovative ways to stay up to date with the latest technology and changes.

Our table at the exhibit

Featured Product

Sensus Model 143-80 domestic service regulators can be used on both residential and small commercial and industrial applications. With a variety of body sizes, loading springs, and orifices sizes, these regulators can provide the outlet pressure ranges

and capacities to fit most applications for a 6" service diaphragm regulator. The model 143-80 design provides the popular union nut connectional, not requiring bolts or screws to connect the body to the diaphragm assembly. 1" NPT Service House Regulator. A

Low Pressure Cut Off. Not Cut Off. Other sizes available upon request. Spring & Orifice available and included with price.

Peek' N Peak Gas Show

Utilities and Industries attended the IOGA of NY Oil and Gas Equipment Show at Peek' n Peak on Thursday, July 17th, 2014. The event was their 34th Annual Summer Meeting at Findley Lake, New York.

The 34th Annual Barbecue and Equipment show included music, beverages, dinner and great door prizes! We were very pleased with the outcome and enjoyed setting up a booth at their event this year!

Utilities and Industries booth featured equipment and promotional items as well as our Sister Company, Brookville Glove.

The event overall was a great success. We are looking forward to next year.

IOGNY Gas Show @ Peek' N Peak

Sister Company, Brookville Glove, Running Breast Cancer Awareness Campaign.

In honor of Breast Cancer Awareness Month in October, our Sister Company, Brookville Glove will be contributing to the nationwide annual campaign to increase awareness of the disease.

Brookville Glove will be running it's own breast cancer awareness campaign by implementing many different elements to contribute to public awareness.

In order to achieve this, they will be manufacturing their own pink gloves and stamping a pink ribbon to honor survivors, remember those who lost to the disease, and to support the progress we are making together to defeat breast cancer!

The bear in the ribbon represents their American Made Brand, Burly Bear.

Brookville Glove put a twist to their brand by calling the glove "Gurly Bear." This will be their featured item for the month of October.

In addition to selling these gloves Brookville Glove will be donating 20% ALL sales from this product to the Hahne Regional Cancer Center.

In order to expand the campaign they will be participating in the Cancer Walk, called "Days of Hope Cancer Walk," held by the DuBois YMCA and Gourmet Kitchen on September 20th 2014.

This is extremely exciting to be participating in such a great awareness cause! Spread the word on the importance and affects of breast cancer.

If you would like more information on the campaign or would like to become involved or partner with us, please call Courtney Sinisi at 814.715.6687. If you would like to **purchase gloves** call Emily Solnosky at 814.849.7324.

Pictured left is the logo being used on the PINK Gloves.

Donation Presented to Search and Rescue

Utilities and Industries was proud to sponsor a golf hole at the Medix Hotel Event.

They sponsored a golf outing in benefit to the Mountaineer Search and Rescue!

We are honored to help and contribute to a local search and rescue team!

QUALITY. SERVICE. CONFIDENCE

August Employee of the Month: Shawna Peace

Employee of the Month

Every month we like to reward our employees for their hard-work and dedication to the company.

Congratulations, Shawna! Keep up the great work.

Utilities and Industries nominated Shawna Peace as the Employee of the Month, for August 2014.

Peace was rewarded for doing a great job! She has learned different jobs quickly and is always willing to learn something new.
